Re: Suspension of Requirements for Transporting Cylindrical Hay Bales

Dear Chairman Walker:

On July 7, 2011, I issued a letter suspending the permitting requirements and legal height restriction for cylindrical (round) hay bales, and associated permit fees, for carriers transporting round bales of hay. Such suspension is hereby extended and shall remain in effect until midnight, February 17, 2015, unless extended or repealed.

Thank you for your prompt attention to this matter.

Sincerely,
