Vision 21
e-Tag Enhancements
**June 2011**

Contents

At a Glance

This release of e-Tag contains a number of enhancements to improve your user experience. These include:

- System Support Information
- Search For Vehicle Message
- Standard Color Selection
- Second Stage MCO option

System Support Section Added to Help Menu

A new section for **System Support** information now appears in the Help Menu providing contact information for your convenience.

Search for Vehicle Validation

A message now displays on the Search For Vehicle screen whenever you enter a VIN that is not 17 characters. This reminds you to validate the VIN before creating the tag. You may correct the VIN, if necessary, or select **Yes** or **No** to continue with the search.

- If you select **Yes**:
  The application searches for the VIN in the system and, if found, returns the vehicle information.
  If the application finds no vehicle information for the VIN then the information must be entered manually.
- If you select **No** the application returns you to the Search For Vehicle screen so you can reenter the VIN
- If creating a Fleet Buyer's Tag and the VIN entered is not 17 characters:
   It is displayed in a separate section with the header "The VIN entered is not 17 characters. Please verify before continuing."
  It may be removed from the fleet if necessary
- If the VIN is correct you may complete the required fields and proceed.

Fleet Buyer's Tag - Search For Vehicle

VIN	Year*	Make*	2nd Stage MCO	Model*	Body Style	Weight	Major Color*	Minor Color	To Be Exported? Select All	Is this a new vehicle? Select All	Will it be titled out of Texas? Select All
The VIN entered is not 17 characters. Please verify before continuing.

Second Stage MCO Option

A new field now appears in the Confirm Vehicle Information screen that allows a dealer to enter the vehicle Make of the second Stage MCO if needed. The field is limited to four characters. When you enter a Make in the second Stage MCO field, it becomes the Make of the vehicle and will display on the tag.
